

Dear Parent/Guardian,

Thank you for your support and help as we begin this school year. Our students have been outstanding in following the district's ["Big 5" guidelines](#). This week we have our first Friday that allows for reteaching and personalized learning. Our [Friday schedule](#) will include the following:

- Fridays will be used to review, reteach, remediate, and enrich instruction already given.
- Students and guardians will be able to meet with teachers digitally (or speak by phone) at designated times.
- If a student would like to meet face-to-face with a teacher, appointment times are available between 2:15-3:15 each Friday. Please schedule an appointment through MyDSD **if needed**.

Other reminders:

- Please create a parent "Observer" account in Canvas. [Please refer to instructions here](#). As an "Observer" you will be able to view all materials in your student's Canvas courses.
- Our cafeteria will have grab and go meals for students on their remote learning days. [More information can be found on our website here](#).
- We will soon be sending out a brief survey to parents (through email and school website) and to students (through Canvas). Please look for that next week.
